**Greetings dear brothers, God continue to bless you greatly.**

Thanks to God my wife and I are very well. Thanks to the Lord we were able to get a larger and safer apartment for us, the place we used to live is now the meeting place of the church. Moving was beneficial to us and to church meetings. Today the city of Popayán has a serious shortage of fuel due to road closures caused by the indigenous people of the area, this will affect the city a lot, last year something similar happened and it was very complicated to get food and transportation. I hope in the Lord that it will not be like that time.

My mother has been very sick suddenly, yesterday she went to the doctor and the diagnosis was not very very good. You must stick to a stronger and therefore more expensive treatment and for such conditions you cannot travel until you are well. That news made me very sad as I wanted to see my mother and share with her after 4 years.

The brethren in the church are doing very well. We were able to get a place which will serve as a meeting room for the church, it is larger and quieter thank God. I continue to work in the homes of some brothers giving Bible studies and organizing early studies with new contacts.

I ask you for much prayer for the work and for me, to continue with courage in this beautiful work.

**Thank you for your help, for me it is a great blessing. May the love of the Lord be with you**

I share photos of my activities and summary of them.

**In my Sunday responsibilities, I continue to lead the study of the first hour. I was able to share 3 sermons this month and every end of the month I lead a space to learn new hymns for the worship of the Lord.**

**I continue to lead the studios on Wednesdays.**

**In the month of July we were able to count on the pleasant visit of our brothers Danny Mckibben, who gave us studies during the week in the houses of the brothers, as well as on the Lord's Day. May the Lord continue to bless you.**
