December arrived and with it also came the end of the year. And thank God that he has also given us life up to this point.

IGLESIA MATURIN CENTER.

The brotherhood goes forward fighting for the faith and strength of the Lord

BAPTISM IN MATURIN

After studying the scriptures personally. On December 6, he was baptized for the forgiveness of sins: **ROLLMAN SANDREA.**

CLASSES FOR NEWLY BAPTIZED.

Since there are already several new ones, I have started a Bible class for them, for their edification and clear knowledge of Bible doctrine and the errors of sectarianism.

GRATITUDE FOR PRAYER.

I am very grateful for your prayers on behalf of this servant when I notified you that I was going to have surgery on my eyelids, which was necessary to do before the next surgery at eye level to correct low vision due to cataracts. I appreciate your prayer for this important surgery, that God will provide me with what I need, to avoid totally losing the sight in my eyes.

So much for this newsletter. An opportune space to wish you a happy and very blessed 2024, and to express my gratitude to you, beloved brothers and sisters, who participated with me and accompanied me in this work all this year in this part of the world.

If God will, it will be until the next edition, in the meantime and may God always protect us all.

In Christ, Anthony and Family
