All of them live here in Lungos.

As to my others activities:

The house to house preaching as you will see the photos although all were not documented.

The bad news after my informal debate to the founder of the Church Family named Arnold Roco when he was defeated got angry with me and attempt to hurt me which cause me to use my knowledge in martial arts. He affirms that today no more baptism, He strongly believe that only FAITH will save a man, he also affirm that the preacher must be anointed. I affirm that water baptism with faith from the gospel is essential to salvation Mk.16:15-16. I affirm that a man must be inside the body of Christ (Church of Christ) in order to be save. Two consecutive half days debate in a certain place here in Lungos recently it was happened. Hopefully some will obey the gospel.

The witness who heard me in Lunao was almost converted but due to his being worldly, he chose the woman in Jehovah Witnesses.

Jun Grajo who went to Inc (Iglesia Ni Cristo) then to Dating Daan then to Jehovah Witnesses, now restored together with his family. According to him he just learned and observed the different churches, and he confirmed that this is the ultimate right church.

As to the brethren here they are doing fine together with my family. Eva now is healthier as you'll see in her picture. March 31 we are busy because of Christianeth's graduation. Once more we would like to extend our thankful to all of you my dear brethren... She is now ready for review in Manila this coming May 15- October for her board exam to become a CPA in Lords will...

My mother now is in Bulacan to my younger brother Nestor.

April 1, I attended the lectures in Canlubang, brother Bob in his company arrived there. Lots of fine topics we learned.

You are all kept in our prayers. Thank you so much for nonstop trust and fellowship with me...

In Christ,  
Efren
