

My greetings to you and your family circle in the name of our Lord Jesus Christ.

As to my preaching here in Longos, Mr Imo Afurong-the owner of Exotic Restaurant is becoming closer with me. Oftentimes he asks me lot of things in the bible, and always agreed with me. That is why I'm sending him some important topic about the Bible especially the way of salvation, also the identity of the church. Twice he invited me for a one-on-one sharing of the bible.

August 28, 2016: He invited me as a guest speaker.

September 7, 2016: My first teaching to his group at his house. He asked me to discuss the NT. How and when it was began. Lots of question they were asked to me; 'like 10%, if we are obliged to obey it or it is a part of the NT?', 'The name of God', 'How to be save?', 'Why so many different churches but the same bible?' They are all satisfied with my answered. Hopefully it will continue.

August 21, 2016: I and brother Narcing with Aida Mejurado and her daughter went to San Pablo's Church of Christ.

August 22, 2016: I was in Navotas, attended the lectureship by Bro Ron Halbrook, August 23, 2016: At Brother Ely Ebuenga where the two souls were baptized. The same day, I and brother Ely went to Aneth-my daughter's boarding house where 5 heard us.

Here in Longos, usually at night is my preaching because I'm very busy in gathering some materials for the house and chapel that I am making. But unfortunately, the good lumber which we preferred was hold by the soldiers due to the *log ban*. Before we climbed to the mountain, I asked to the army's official, he allowed me in term of chapel and house purposes. So that only the light materials we are using. However, still lots of money we need for it, blessing that we don't need to make a kitchen as well as the comfort room. Only the roof I will provide .The ground is containable of 50 people. The upper will be our house. I'll be the one who will make a hollow block upon the coming of my support. I never pay for the carpenter because very expensive. Only two days I asked the helped of a brother because they are also busy. We've been talked together for a two days working together upon the coming of my support.

The owners of this house where we rent has unstable mind. Today is yes, tomorrow is no! Affected much by *drug*! Yesterday he told me that we must stay here until the end of October.

As to our radio program, according to Imo by this coming October.

As to my scheduled in house-to-house, it was affected by my making the house. But hopefully one of these days the household of Baste will obey the gospel, as well as the household of Imo and

some other.

As to my other works in the Lord, Sunday services, Midweek Bible Study are the same with the previous months. My bodily exercises are only Saturday if I have a free time...

You are kept in our prayers, a good health, free from ill and anguish as well.

As to Eva, as of now I couldn't maintain her food supplement the "*intra*" so that she is now back with her previous situation... Lot of expenses we are facing yet...

Two weeks ago there was a gospel meeting in Aurora, Naujan, Oriental Mindoro. I failed to attend due to lack of budget and also of the house that I need to finish it as soon as possible. Anyway, this coming 26, I'll go there, because Brother Danny trusted in me for a door-to-door preaching. He said, the expenses will shoulder the church there. Also to Polosah, the preacher there, long time ago invited me to visit and preaches them. Then to Mansalay and Bolalacao. Bro Danny Sikat and Bro Mario are willing to use their motorcycles as our service.

please let us know brother your eye's condition and also yours wife's condition.

In Christ,
Efren.
