Maturín Estado Monagas

Venezuela

Dear brothers, we are moving the second half of this year, and we are very thankful to God that keeps us in this existence, as for me, ever recovered from cardiovascular event by which I passed, but thank God, your prayers and medical science still standing and preaching the gospel. It is our deep desire that each of you are well, and those who pass through trials and struggles, cheer brothers! Trusting in the Lord (Hebrews 4:16).

THE WORK IN MATURIN.

In this month there were good dynamics in what has to do with cooperation with churches in preaching at the church in the South, helped by brother Julio Vargas, Church downtown. In the church del Barrio Bolivar, collaborated brother Rafael Farias, the downtown church. In the downtown church, he

participated brother Javier Vargas, Church del Barrio Bolivar. I happened to work with the church downtown.

We continue to receive contact visits in church meetings and are also joined in home Bible studies, among them they are Carlos Marcano and his wife, who have shown interest in the gospel and those who appreciate your prayers.

Work in Puerto La Cruz.

As I announced in my previous newsletter, on Sunday 3rd, I was preaching for brotherhood in Puerto La Cruz. In this activity, I accompanied my son Antonio. We are very grateful for the love and attention we received from the brothers and sisters, and particularly Betzy Leechio and Gerardo who took care of our lodging, food and transportation, which multiply their blessings.

PRAYERS FOR HEALTH.

We inform you as to the health of the brothers who have requested prayers

Erika Granados He has presented a marked improvement. I remind you that she continues medical treatment because of a strong involvement caused by Guillain-Barre syndrome. Erika is a member in Maturín center.

Antonio Pérez As we announced in the previous newsletter, he has seen a good improvement, to the point that rose from the wheelchair and walks with a cane, but his situation is delicate, every three days have to purify your blood (to dialysis). His case is that his kidneys stopped working. Antonio is a preacher in the Church of Christ in Ciudad Bolivar, Bolivar State.

Gloria Benítez This faithful sister suffers from an autoimmune disease known as Lupus, this causes much physical suffering, by now being staffed by doctors here in Maturin. Gloria, despite their struggle for health, she keeps good spirits.

We also recall that our brother Gregory Roark informed us that his mother, sister Elaine or Helen (Elena), is better health. She lives in U.S.A., she is the wife of our brother Ronald Roark. It's good to thank God for improvement, and praying for her full recovery.

Finally, I am making progress in improving health, but please keep praying for me for my full recovery, which I appreciate wholeheartedly.

Radio. This month we began transmission number 517 of the radio program “Frente a la Biblia”, in the city of Maturín.

At the close of this newsletter, dear brothers, I beg you, as before, your prayers for God to Venezuela to help us move in and out of this difficult period that has touched this country. We trust in God. It is good to remember praying for one another.

We reiterate our gratitude for their communion and participation with this server in this work.

Beloved, if God permits, it will be until the next edition, meanwhile, that the Lord richly bless you, goodbye.

In the love of Christ,

Antonio and family.
