Other activities,the constant house to house in the vicinity of Kalayaan.Hopefully in San Juan, some of them who heard us will obey the gospel too.

We met also some postors and some missionaries.. slight arguments,but later on they were retracted. Only the INC or Iglesias ni Cristo are very aggressive till physical fight. They are very dangerous people. I'mtrying to avoid them ,except the necessary situation. Our chapel now is good enough to use. only the ceiling fans must be buy also the ceiling must be construct..

Our house now ,little by little it is now good enough..

Our brethren here are are all fine,as well as my family. Except Eva...However she's healthy..

Hopefully sister Louise now is better..you too brother Ron..

You are all kept in our prayers...particularly sister Louise...

In Christ,

Efren
