

To Elders and deacons of the church.

From: Santos Palacios.

Reference: Report of work in the evangelist work. 3/8/2017

Dear Brothers, my report to date is as follows:

CHURCH OF CHRIST IN GRANADA.

Church of Christ in Granada 20 studies, in this time we did not make contacts.

We have continued with old contacts, we hope to improve for the next time as we have planned

Look for other neighborhoods nearby, we have already covered the area, in addition the new brothers will be incorporated to carry the gospel.

COLLABORATION WITH OTHER CONGREGATIONS.

CHURCH IN MASAYA. EVANGELISM AND RESTORATION.

Accompanying Brother Francisco Martinez, because he is the evangelist member there in Masaya we did evangelism there was a baptism made by him, this church is growing.

Collaboration with teaching for the church of Christ in Ticuantepe of the area of Managua.

Accompanying the brother Jaime Vásquez Romero we did an afternoon of evangelism and at night teaching in the place where they meet. Preach a theme of encouragement and evangelism at the same time, because a relative of a brother died, who left without the forgiveness of sin.

Trip to the Caribbean coast of Nicaragua. (Bluefields and City Rama)

Bluefields is a city of the Caribbean Sea of Nicaragua, quite large with a Population: 45,547 census made in 2005, it is multiethnic. For the 90 I established a work and for not being able to support me economically, because at that time I worked on my own and I could not with the economic needs I moved away and fell into the hands of liberalism and then split with the anticopas forming two congregations Different, but the one I visited is a work that Brother Gregory Roark made contact through a brother who went looking for work in Panama, it was Brother Greg who gave me the name of the place where they meet and the telephone number Of which he has continued the work in spite of being very affected by an accident. (This wheelchair) with the help of an uncle the church goes on, there are few males (5)

I was with them teaching them doctrine all week especially about men, about the controversy of the liberal church, I also taught them how to refute the doctrine of the one cup I promised to visit them the last week of each month. In this time we achieved 7 restorations are managed to gather 30 people with a tendency to grow, there are 20 children. They speak English and the ramaki dialect but also speak Spanish.

Church of Christ in the Rama

Here I stayed for two days teaching at the request of the brother who preaches there, this was another work that I help to establish for the 90's we will continue studying with the men, hopefully one day the brothers who visit Nicaragua will accompany me to teach them also and Can check these works.

It's all for now. I await your prayers for my health and the good progress of the work.

I ask as always prayers for the brothers of the church in Granada, they are elderly and are sick, for Sister Nelly who after bleeding surgery has been bleeding.

Your server and brother: SANTOS PALACIOS.

Note: I apologize beforehand if any word is mistranslated, let me know if there is an error.

I'll be sending the photos tomorrow.
