This report should have been sent yesterday evening however, due to the poor signal, it was delayed. I apologized for the delayed of this report brother.

As to my work in Pulosahi, Bongabong, Oriental Mindoro. Through text and call communication and bro. Roy Agustin cooperation, 3 were baptized and the chapel was already erected. Maybe by Dec I'll go there again, in Lord's will.

As to my family, they're all fine except Eva... however she is better than the previous days... As to the brethren, they're all fine and doing well. As to bro, Gilbert Magante, I pitied him so much, because due to the lack of financial, his cancer was acute... but anyway, he is resting in the paradise.

Bro. Ron, I, as your beloved brother and friend wish you God's grace, good health, long life, favours and God's protection... May blessings fall on you everyday of your life... Thank you very very much my dear brother.

In Christ,

Efren
