Greetings beloved brothers, we are very grateful to our God because until now he gives us life on earth and allows us to communicate by this means, which is a blessing, because it is an electronic epistolary system that overcomes time, borders and distances

to reach and keep our communion and communication connected. As always, it is our desire that when these notes come to you, you will find them well, very blessed and strengthened by our Lord and under His Security.

Church in Maturín centro.

The church in Maturín center continues with its regular activities with the help of God, and in the midst of this battle that we are humanly waging, firm in faith in Christ.

As an extraordinary activity we continue with the program of preparation of brothers to help with the teaching of the Word.

Another emigrant. In this month our brother José Javier Vargas emigrated to Brazil, this brother was fighting for months not to leave the country, but the strong economic situation did not allow him to

continue here because he has to provide for his wife and two young children and also for your mom. His office is well paid in Venezuela when the country, but with the crisis that place of work fell. José Javier is a brother with great talent for preaching and the help he gave in the church with the teaching was very important.

For now the church is waiting to support the family of José Javier in accordance with what is available, at least while the brother recovers his economy. Let's not forget to pray for him.

So far this bulletin. It is propitious to express my gratitude to you for being with me participating in this effort to carry out the work of the Lord, for your prayers and we continue to pray for one another. Particular attention is given in our prayers to all the churches throughout the country and of course to Venezuela so that God will help us to increase our faith and help the nation overcome this difficult moment. If God allows, it will be until the next edition, meanwhile, God continues to bless them richly, goodbye.

In the love of Jesus,

Antonio and family.
