

Dec 2018 Report

1/9/19

Dear brethren,

I pray all is well there.

About the congregation:

Our congregation is continuing to enjoy good personal health, but there are still some who have a family member(s) having health issues. I pray your congregation is having more well than sick, and so far the flu has missed us here at Midway.

Lora Cotton's mom, Hope Doss is doing fairly well medically, but her dementia is progressing. The Cotton/Doss family needs prayers.

Sister Deb Westerman is still struggling with her faith. I am still trying to meet with her, but not having much luck. Deb really needs prayers to remain strong.

Sister Sandra Dobbs had to her surgery, but she is still having some issues with her health. She's still hoping that she will be to start attending Wed night class soon.

Sister Dorothy Warren is in the hospital right now and doing good. She went in for irregular heart beat and upper respiratory issues.

We had no local visitors last month.

Our Sunday morning attendance is 11 adults on a regular basis.

About Glenda and me:

Our schedule is still not too crazy. Just follow-up Dr. and lab visits for Glenda, thank the Lord.

Our son, Jonathan, is still working and is still able to go to service with us on Sundays and some Wed nights. Pray for him. Your prayers for him and us are still needed and will be greatly appreciated.

I'm still doing well from a health viewpoint. We appreciate the prayers of all there.

Glenda hasn't had to get blood since Feb. In her last blood test her red blood count was down a couple of 10ths! Still low, but somewhat steady. We still attribute it to prayers, and we thank you for all of yours in her behalf.

We really appreciate the prayers from all our Christian family.

Also, we pray you will all be spared the flu and other common health issues, and that your members who are having medical issues at this time will regain their health as soon as possible.

Thanks for your support of our work here and your prayers for my family and the members of the congregation.

Dec.'18 support:
