**My dear Brethren:**

**By the grace of our Lord and Savior Jesus Christ, I am writing to you again. I pray that my letter find you doing well. I am so grateful with you for your spiritual and financial support.**

**Brethren, my wife and I have been very busy visiting, and studying with almost all our brethren, because of that. I would like to tell you that lately our attendance is back to normal again. It took some work, but it was all worth it. Now our attendance on Tuesday look like our attendance on Sunday. All our brethren had responded very well, except one or two. Even when the flu had hit some families very hard, our attendance have improve considerably. It took some work, and one general congregation meeting to talk about the attendance situation. One more meeting is pending concerning what their expectations are or have, in this year. What things we can do to improve ourselves, and the congregation.**

**Our brother Jose Olivares is attending, and is doing very well, already start to participate in leading prayers. Our sister Idalia asked for the chance help teaching our little children, she is already on the list. Our Bible class with our sister Alma class is on hold for now. Honestly, I don't when we may start this class again, she is working now on two jobs, and she don't have the faith to find the way to keep studying God's word. My wife and I have trying to help her to be strong in the faith, but we just haven't been able to do that. The class with Gerardo and Diana continue the same on Friday at 8:00. With Brother Miguel every other Sunday.**

**Once again my wife and I was able to visit twice this month, with the Pleasant Grove congregation. Because of bad weather and health reasons, this past month we did not visit anybody else. The congregation in Garland, neither with the West Dallas congregation. This congregation is the one whom need more of our help, they just lost another family that left to worship with the Garland congregation. God willing we will continue to help this brethren, as much that we can.**
