Sir since last month till now my mother was hospitalized, my mom while She was trying to visit my Sister house unfortunately Mom was slip on the road and had a great fall, so She had her back pain as well her head, now the condition was very serious since last month. And we had many treatment for mom from the hospital as well from the local masasa.

But she could not walk till now this is the main problem I have face right now.

I do not know she will be recovered or not from the sickness I am really worried about my mom sickness.

Sir my humble request for my mom is all for your precious prayer please remember my mom in your prayer so that God can do anything for with God all things is possible.

And the personal Bible class.

Miss Chingkhanlun Simte.

She is 16 years old and was from baptist background.

Right now she is with us

And the first lesson which I teach her is

The true Christian and how to become a New Testament Christian,

There is many thing to teach her.

She is with us right now this times I can not go out to another place to teach to other that is why, I invited Miss Chingkhanlun Simte at my house and whenever I have times I used to teach her.

Because this times because of my mom I have to take care of her because she could not move herself.

With caring mom whenever I have times I used to teach the Bible to Miss Chingkhanlun Simte.

At my home

That is what I did since last month.

I hope for Miss Chingkhanlun Simte slowly she will come to know the truth and I hope to led her in the truth way.
