

Greetings to you and to your loved ones, together with the elders, preacher, deacons and all the saints there.

As to my work here;

July 19, the wife of bro. Mario was baptized, sis. Madelyn Dichoso.

July 27, the baptism of the couple, bro. Julius Bautista and sis. Yolanda Bautista, together with bro. Mario's daughter, sis. Margarete Dichoso (15) and her bestfriend bro. Jeffrey Bontile.(18). But the other young lady was excluded from the pictures just to protect herself from her family, she is sis. Loida Anacin (16) and her family is a big fanatic of Catholic.

Aug. 03, Another 4 souls was baptized, the youngest daughter of bro. Mario, Marjorie (13) and the three daughters of bro. Julius, sis. Juanlyn (15), sis. Julliane (14) and sis. Janesel (12).

Some of the pictures with the captions are telling the details of my works.

Another good news, bro. Marlo, second son of bro. Mario Dichoso, was restored. He was the first fruit of my preaching here in Longos.

Almost every other day, we have a bible study on each houses, if I have an appointment in preaching here in the vicinity of Kalayaan, my daughter Cynthia often teach the girls and kids every 4 in the afternoon, especially in music. Just in case brother that you have some textbook and learning materials about the bible for kids, please kindly give her, that would really be a great help.

As to the current situation here in Kalayaan, Laguna. Since August 10, monday, we are on total lockdown until August 18. That's the reason why I was not able to go outside, we had to stay at home. However, here in our temporary chapel, we are continuing our services, but I still can't go to San Antonio so bro. Narcing was handling there, the same goes with Jasaan, I was also not able to went there so the youngest son of bro. Lino, named bro. Vinson Villanueva was the one who preached while he is spending his vacation there. But tomorrow, in Lord's will, I might be able to preach there at Jasaan because the Baranggay Captain there and I already had an agreement, she allowed me to visit there. Also, ofcourse, our Mayor and Barangay Captain here allowed me as well to go outside Kalayaan for preaching, in return, I must take care of myself, must properly wear a face mask, a face shield, and bring alcohol. Through the divine care and protection of our loving Father, everything is walking smoothly.

You are all kept in our ardent prayers, to keep you all safe in the hands of our loving Father...

Thank you brother for your love and prayers on our behalfs.

P.S I have a debate with a Universalist, if Jake Rabelos allowed to hold our debate in FB will be much better.

In Christ,

Efren.
