Report October 2021.

Dear brothers.

Fraternal greetings from Chile.

Here we are working in the Lord's work with the strength that our God gives us. Already gradually overcoming the health problems we face. Thank you for your prayers and help in this difficult time.

I always ask our God in my prayers to be protecting each one of you and giving you life and health.

The report of the activities carried out in October at the Church of Christ in Limache, Chile.

I teach Bible lessons for the local church, focused on the spiritual growth of the brothers in Christ. I have preached the following topics:

- We Are All In "The Line" Of Waiting! Hebrews 9:27.
- "Home" Proverbs 24: 3-4.
- Can You Be Worshiping God In Vain? Matthew 15: 7-8.
- "What is Necessary to Enter Heaven" Matthew 13:44.
- "The Sacrifice That God Does Not Contempt" Psalms 51.17.
- "Learn From Me" Matthew 11:30.
- "The Law of God for the forgiveness of sins" Romans 3:23.
- "Not Reaching for the Grace of the Lord" Hebrews 12:15.
- "Encourage And Build Up One Another" 1 Tesanolisences 5:11.

In the meetings on Tuesdays and Thursdays we alternate with the brothers for teaching. Brother Rubén Toledo is presenting lessons on the New Testament church.

I continue to present through the ZOOM platform, Bible lessons with some churches that ask me for help in various teaching topics.

This month I presented by Zoom the lesson: What do we learn from Jochebed? Exodus 2: 1-10 to a group of sisters from Mexico, Colombia, Peru, Venezuela, Panama, and Chile.

Every Monday we meet to teach the Bible with the brothers of the Church of Christ in Punta Arenas, Chile. We study about the Holy Spirit.

Also on Monday nights, I teach with some brothers from the Church of Christ in Catacaos, Peru. Thursdays with the Church of Christ in Pillaro, Ecuador.

I continue to edit, every week, Bible lessons that I post on YouTube and Facebook, this evangelistic effort reaches hundreds of people and has been of great help to many brothers in times of pandemic.

Our health.

Thank God our health is improving little by little. Medicines have succeeded in eliminating the Helicobacter Pylori bacteria. The biopsy indicated that there is no cancer. Although the problem of anemia continues, which is being treated with new medicines. In January I have to undergo new tests, as I must be aware of the anemia that occurs.

Inés, my wife, still has problems with the trigeminal nerve, we hope to get an MRI this month so that the neurologist can schedule her operation.

I appreciate her help and prayers that are essential when we go through difficult times and sickness.

My beloved brothers, I am always thanking our God for your companionship and support in my work of preaching the gospel in this corner of the world. God bless you.

"Because God is not unjust to forget your work and the work of love that you have shown towards his name, having served the saints and still serving them" Hebrews 6:10.

His brother.
