It is a blessing, beloved brethren, to return to you by this means in this new year, with the life that the Creator and master of our existence.

Receive on behalf of my family and my own a big New Year's hug and our fraternal desire is that the Almighty will give us all, much health, and his richest blessings.

MATURIN CENTER CHURCH.

We praise and thank our Father because he has kept the faith and fidelity of brotherhood protected, especially at this time when the general situation in our country has become more difficult, as we know, politically, economically and socially.

But our brothers with their faith and trust founded in the Lord continue to serve and worship faithfully.

We continue in the work of edification and spiritual strengthening of the brotherhood through Bible studies in face-to-face and printed classes.

EVANGELISM.

The work of preaching continues on different fronts, at the local level with face-to-face and printed classes, and remotely through electronic mail (E-mail). For example, the sister Mary Francis lives in the west of the country, in the city of Mene Grande, Zulia State; her husband Michelangelo is not a Christian, and has an interest in the faith, but, because of the place, there is no church of Christ;

now he is going to start studying the Bible through email, through which I will follow him in the process of evangelization.

We hope in the Lord to see fruit of this work soon, for the glory of God and the benefit of souls.

ANOTHER DEATH.

In a previous newsletter I reported the departure to eternity of our beloved brother Wilfredo Gamardo.

Unfortunately, I also have to report the departure of his wife, our beloved sister Corina de Gamardo, who on Sunday 29 died because of a "cardiorespiratory arrest" that eliminated her ipso facto.

Now the two (Wilfredo and Corina) are in the hands of the Lord.

PRAYER FOR THE SICK.

I ask for your prayers for the health of the faithful brothers Ada Roca and Luis Gonzales, who have been strongly affected in health.

So much for this bulletin. As always I want to thank you for your participation with me in this work of the Lord in this part of the world, I also appreciate your prayers and let us continue to pray for one another, I appreciate very much and it is of good encouragement for me to receive your communion, and especially in this difficult time we live in this country.

God permitting, it will be until the next edition, meanwhile, we beg the Lord to protect us and richly bless us, goodbye.

In the love of Christ,

Antonio and family.
