Dear brethren:

Pray this report finds all well there.

About the congregation:

Cotton family is coping fairly well after the sudden loss of their daughter. Unfortunately Lora's mother, Hope Doss, is suffering from rapidly progressing dementia. Also, Buddy has had to take on a part-time job to help meet financial obligations. Please pray they are able to stay strong.

Both Joe and Nancy Crews have recovered from their upper respiratory issues with no apparent lasting consequences.

Our sister Rachel Scheuerman is still having a family issue with one of her granddaughters, but now the family is all having a round of covid. Rachel needs a lot of prayers in order to continue to do what needs to be done.

We are having a christian from Freeway Church in White Settlement who lives just a mile down the road from our building visit with us on Sunday evenings and Wed nites. I think that we can teach him on the authority issues.

Numbers are small, but faith is strong with all of us.

About Glenda and me:

No significant changes for Glenda. She is still losing energy very easily. We would appreciate a special prayer for strength, and thanks for all the ongoing prayers as well.

I'm doing good. My chronic health continues to be good except for my vision. As I mentioned in the last report, it is starting to weaken faster than I had hoped for. Prolonged reading is very tiresome and strenuous.

If anyone there knows of anyone in the Springtown area that we could contact for studies, please let me know.

Pray for our country's rulers and for our freedom to worship and teach the Lord's Word.
